PROFFESIONAL PROFILE

My name is Anuraag Yachamaneni and I am a high school Junior at Thomas Jefferson High School for Science and Technology (the number one high school in the country). My main passions are startups and Hackathons. I love learning and working on my own startups and participating often in national Hackathons such as MHacks, PennApps, HackTheNorth, and etc. Finally, I love watching my favorite football team, the Washington Redskins, every Sunday!

WORK EXPERIENCE

Executive Director - DCHacks/ 2014 - Present

As Director of DCHacks, I work on day to day operations including Outreach, Sponsorships, and logistics.. Coming Summer 2015, we plan on hosting over 500 High School students at the 24 hour event.

Intern - Ivy Standard/ Summer 2014

As an intern at Ivy Standard, I worked in all aspects of the startup including product development, management, marketing, testing, and outreach.

Summer Intern - HealthfullU / Summer 2014

As an intern at HealthfullU, I work on developing the flagship product of the company and I help with the outsourcing and development of other aspects of the business.

EDUCATION

Thomas Jefferson HS for Science and Tech 2012 - 2016

I am a rising senior and I plan on getting a Computer Science degree in college. By the end of senior year, I will have taken 11 AP's and 5 Post-AP classes.

Developing Innovative Ideas for Companies 2013 - 2013

Explored how to identify and develop great ideas into great companies. Learned how to identify opportunities based on real customer needs.
