SUMMARY

Currently, I am a rising junior at one of the premier high schools in the country, Thomas Jefferson High School for Science and Technology. I am really passionate about Tech Startups and I am currently working on one of my own called Eventifi. Another big thing i'm interested in are hackathons. In my opinion, hackathons are the most innovative things created by man, and I believe the future of this country are in the hands of hackers.

EXPERIENCE

HealthfullU   07 / 2014 - Present
Business/Technical Intern

As an intern at HealthfullU, I work on developing the flagship product of the company and I help with the outsourcing and development of other aspects of the business.

Ivy Standard LLC   07 / 2014 - Present
Summer Intern

As an intern at Ivy Standard, I worked in all aspects of the startup including product development, management, marketing, testing, and outreach.

HackDC   04 / 2014 - Present
Co-founder and Director

As Director of HackDC, I work on day to day operations making sure everything is running smoothly.

TJHSST   09 / 2012 - Present
Student

I am a Junior

Eventifi   05 / 2014 - 08 / 2014
Co-founder and CEO

As CEO of Eventifi, I look over the day to day operations of the team and I do most of the outreach, research, and recruiting for the companies needs. I also am the Chief Visionary.
